

IT SERVICE PROVIDER

SUCCESSFULLY DELIVERS
THE CLIENT'S PROJECT ON TIME,
WITH COST-EFFECTIVE, SKILLED
AND VERIFIED OPERATORS

About Client

The client is one of the highest-ranked companies in the Forbes Global Digital 100, which offers innovative and customer-centric information technology expertise to 900+ global firms, including Fortune 500 companies.

Business Challenges

- ① As an implementing partner of a giant and well-known technology company based out of North America, the client's project focused on collecting map data by driving sensor-equipped cars across the princely provinces of Canada.
- ② Immediate hiring of operators and mapping driver coordinators, who are local Canadians with good knowledge of roads, as well as possess common concepts of computers, GPS and mapping devices.
- ③ Demanded a staffing partner who can handle the entire employee cycle as well as provide training at a very competitive margin.

Solutions Delivered

Compunnel was onboarded by the client to **manage the complete employee cycle**, including travel arrangements, onboarding, offboarding, payroll, timesheet, and expense management. **Location-specific teams** were set up in our four offices in **Quebec, Alberta, Ontario, and Montreal**. We implemented an **HR helpdesk** to solve candidate queries, performed **client calls to fix breaches**, and look after various departments like **accounts payable, payroll, background check**, etc. Our **L&D team at InfoPro** trained the resources on **mapping approach** and **mapping hardware**. We also provided our integrated **high-touch high-tech** solutions:

On-demand, built-in staffing application known as **Jobletics** hired skilled local operators and mapping driver coordinators, to meet **just-in-time requirements** of the project.

Our proprietary application **StafflinePro**, provided **end-to-end temp worker life cycle management services**, helped the client in **sourcing immediate pre-vetted resources**, as well as **offered 24X7 candidate support** through a chatbot.

Highlights

Project roadmap spelled out deliverables clearly, thus allowing **improved efficiency** over the interview to hire process.

Reduced time-to-fill from **50 to 30 days**
